

REVIEWER ACKNOWLEDGEMENT

Open Access

Thanks to all those who reviewed for *Journal of Negative Results in BioMedicine* in 2015

Bjorn R. Olsen^{1*} and Dirk Mielenz²

Contributing reviewers

A peer-reviewed journal would not survive without the generous time and insightful comments of the reviewers, whose efforts often go unrecognized. Although final decisions are always editorial, they are greatly facilitated by the deeper technical knowledge, scientific insights, understanding of social consequences, and passion that reviewers bring to our deliberations. For these reasons, the Editor-in-Chief, Managing Editor and staff of *Journal of Negative Results in BioMedicine* warmly thank the 51 reviewers whose comments helped to shape the journal, for their invaluable assistance with review of manuscripts in Volume 14 (2015).
